## EXPERIENCE

**Web Development Intern**

**October 2021 – Present**

*Eazy Business Solutions*

- Responsible for full stack development of end-to-end responsive web applications.
- Worked closely with developers, designers and other functional teams (Marketing, Video, etc).
- Developed the official website for Eazy DMS. Created a landing page for a launch event and one for a mobile app.

**Summer Intern**

**July 2020 – September 2020**

*Voltfraction*

As an intern at Voltfraction, I gained experience in Business Development, Marketing, and Sales with a focus on community building and creating an impact on my campus.

## ACHIEVEMENTS

**Won echoAR Track at Cicada 3301: Reinvented**

**May 2021**

**Virtual Hospital (AR) | [Link](#)**

- Won echoAR special track prize at Cicada 3301: Reinvented, the national level Hackathon organized by DA-IICT.
- The website allows users to get a 3D view of the condition of hospitals and surgical instruments using the QR Codes integrated.

**HackerRank – 5 star Java**

## PROJECTS

**Tom M. Riddle's Diary | [Link](#)**

- This website is a secret diary which allows users to write any information securely within a database.
- Users can Sign Up/Log In and can save their data to view it later.

**Netflix Clone | [Link](#)**

- Created a Netflix landing page replica made using various components of Bootstrap and CSS.

**Weather Teller | [Link](#)**

- This website allows the user to enter the name of a city and tells the current weather, temperature and wind speed.
- It uses OpenWeatherMap API.
